

Dear Anthony,

On behalf of Anthony, Fionnuala and the team here in Killruddery House & Gardens we would like to thank you and all the team in Masterkabin for the fantastic service and care we have experienced recently, from introduction to installation we could not have expected more and are delighted with the results. The delivery team headed up by Danny were prompt, efficient, courteous and obliging. Again, many thanks to you all and we look forward to working with you again in the future,

Kind Regards,

Damian Corr
